Amona, Amona!

The Honorable Mr. Binyamin Netanyahu, Prime Minister

Dear Mr. Netanyahu,

Exile. You know what that means. We've gone through it for nearly 2,000 years. It all starts with Jews being driven from their homes and their land. The Romans exiled us from our land. Then nation after nation for century after century drove us from our homes. That is the fundamental element of anti-Semitism—throwing Jews out of their homes.

But that's all over now. Or is it? After the fall of Communism, no government has driven Jews from their homes; there are no anti-Semitic governments (though there are still anti-Semites in governments).

No government has driven Jews from their homes—except for one: the government of Israel. Could it be, paradoxically, that Israel has the only anti-Semitic government left in the world?!

Every time you move Jews off their land you look stupid in the eyes of the world. You are trying to say to the world, "Look how fair we are to the Arabs." But that's not what they hear. They hear you saying, "This is not really our land. We don't really belong here." Where is your Jewish head? (Do you put on תפילין every day? Have they been checked to make sure they are still good?)

You now have a window of opportunity with a new pro-Israel U.S. president. But don't expect him to be more pro-Israel than you are. He will back you up to hold onto our land. But don't be fooled. If you back off one step he'll run back a mile.

Hashem always give Israel success against our enemies, He gives us land and victory. Why does Israel repeatedly throw it away...for nothing?!
